Impact of these program and activities are:

- The student become a part of society and develop an ability to think beyond on his own interest and for the social welfare
- Theoretical Knowledge gained by curriculum in the class room can be put into action for the benefit of the society.
- Guiding the students include self- help and orienting them towards social responsibilities
- Leadership qualities, team work, communication skills etc. are learnt by the students
- Provided wonderful platform to students to mixup with neighboring community and learn about culture and traditions.
