5.3.2 Institution facilitates students' representation and engagement in various administrative, co curricular and extracurricular activities (student council/ students representation on various bodies as per established processes and norms).

The students' council is the constitutional representative body of the student community at the college level; it plays a crucial role in keeping the college environment healthy and well-functioning. Due to students' participation, it is easy for the college administration to conduct various programs like cultural, sports, awareness, and education programs and also to provide community services to society through NSS and NCC. It is a nice platform for the students' to present their views, ideas, and interact. An implicit view behind the constitution of the students' council is to improve the quality of higher education. The MGVC College has a student council. It has been actively involved in setting the academic and administrative culture of our institution. The whole body of the council has been constituted or formed on the basis of merit in the qualifying examination. The meritorious students have been chosen as class representatives, and the class representatives elect their general secretary. In this way, the institution follows democratic procedure in formulating the council. The council members have been actively involved in hosting various socio-cultural events on the college campus. Every year in college, cultural, sports, and annual days are organized with the major role of our student council.

PURPOSE OF STUDENTS' COUNCIL

The Students' Council is an organization formed by students and supervised by the college. The purpose of the student council is to give students an opportunity to develop leadership skills by organizing and carrying out college activities and service projects. In addition to planning events that contribute to college spirit and community welfare, the student council is the voice of the students. They share student ideas, interests, and concerns with the college community.
