“Certificate Course in Data Analysis”

We come across data in day every day life. We can find data every where. Data is very important factor in the growth of a country. We are in need of data analysis skilled people to transform a raw data into a meaningful data. Today's world is a data driven world. We see a lot of digital revolution in data analysis now days.

By knowing an ever increasing demand for professionals who can turn information into a reliable resource. We started a certificate course in data analysis in our college. A lot of students were interested in doing this certificate course along with their usual UG course.

We contacted Associate Professor in Statistics, Principal U.T. Kolekar of Sindagi College and Shri. Basavaraj S. Gastigar Assistant Statistical officer, Tahasildar office, Muddebihal for developing curriculum for this course with our staff members as BoS members. We conducted Board of studies meeting in our college to frame the curriculum of certificate course in data analysis. We referred several syllabi of competitive examinations like KAS, IBPS, RRB's, SSC's and other State and Central Govt agencies and prepared the curriculum of 30 hours for the Certificate Course.

We prepared complete chart of the programme and limited the registration of students to 30 numbers only. The registered number of this course, attended the classes with enthusiasm. This data analysis course was designed to make the learner upskill and train them to become proficient in data analysis and related concepts. The curriculum comprises various learning outcomes and worked with real life examples by conducting tests. We tested their learned skills and analyzed the applications of the course. We came to know that the students are interested in boosting their career in data analysis. The certificate course programme provided with comprehensive knowledge in data analysis. The best part of this course is that our students are highly equipped with all the skills that are required to become a data analysis.
