Alumni Association Contribution to the Institution

MGVC College has a registered Alumni association. Reg.No: DRVJ/1491/2018-19 Karnataka Co-Operative societies registration act 1960. Alumni association fosters the relationship between the alumni and alma mater. It bridges the widening gap between the former students and the institute to keep them in touch with the present growth, development and also the challenges before the institute. At the same time, its role in organizing socio-cultural, educational and some other kinds of events in the college premises strengthen its relation with the institute with the passing off of each day.

The Alumni association of our college was officially formed in the year 2003 with a purpose to have a say in certain matters of our outgoing students to better the quality enhancement process of the institution. The alumni, who have been successfully deploying their services in various sectors, formed the executive committee and went on putting its contribution to enhance the quality culture. The association organizes a meeting in the first month of each academic year mainly to discuss the nature of Katariya Prize Distribution Ceremony for meritorious students of the college. It pleases to mention that the prize distribution ceremony has been arranged for last thirty-five years and so, in the college, with a prime share of our alumni. They encourage our students to carve excellence for an integral development. Besides, the association always appears before the college management and staff members with their innovative suggestions to upgrade institute's social commitment stature. As a result of it, the college annual Manavta comes out with relevant socio-cultural themes every year to pour a sense of concern and responsibility among the students. Actually, the association strives to remain adjunct to the college and society to transmute the best on both the sides.

Alumni Association Contribution to the Institution The association normally endeavors to formulate the student welfare scheme to benefit the needy students who come from lower economical groups. As a result of it, the student welfare scheme has, even though a smaller, but momentous contribution in the hour of student's economical need. The efforts initiated by the alumni association for the construction of boys' hostel are significant in its own way and enough to state their genuine concern for students' welfare. The boys' hostel is still in the process of decision but the persuasion of the association for its actual formation deserves a special mention. The association has very positive suggestions for NSS-based activities to illustrate its social relevance. Some members visit the volunteers during the special camp at adopted village to encourage and suggest them.

The alumni association, in this way, mirrors the positive efforts undertaken by the institute to enhance the quality at external as well as internal level. It has a pivotal role in shaping and preserving a lasting relationship between the former and existing students on the one hand and the institute and the society on the other.
