7.1.3 - Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste

The institution has beautiful lush green campus and its major concern is to keep the campus neat clean and eco-friendly. The students are insisted to reduce waste at minimum extent and advised to put the waste in dustbins placed at different places.

The solid waste is frequently collected by the Municipal Corporation of the town. The various dustbins are used for the waste. Blue colour dustbin is put for dry waste and green colour dustbins are used for the wet waste. They are kept in every classroom waste and is collected once in a day. The college has a vermi-compost unit.

Garden waste, Kitchen waste from ladies hostel and the college canteen and other waste are collected from various places of the campus and put it into the vermin compost. Later it is used for plants in the campus. The institution has made written communication with the municipal corporation Muddebihal for collection and waste management.

The institution has displayed meaningful slogan's to bring the environmental consciousness in the minds of students and stakeholders.

E-waste management : The college has E-waste management. The college has banned the use of CD's, pendrive and advised to use emails. The college has made an agreement with Agencies The damaged e waste is sold out to the agencies

Waste recycling system :

The liquid waste is collected from the various places from the campus. It is dumped into the vermin compost and then it is used for plants in the campus.
